

October 7, 1946

Dr. E. L. Tatum  
Osborn Botanical Laboratory  
Yale University  
New Haven, Conn.

Dear Ed:

Dr. O. Winge, of the Fourth International Congress for Microbiology, Kommunehospitalet, Copenhagen, has asked me to invite someone from this country to present a paper at the Fourth International Congress for Microbiology, to be held in Copenhagen July 20-26, 1947, on one of the following topics:

Variation and Mutation in Microorganisms -  
Adaptation or Induced Mutation

or something along these lines.

I imagine that this would be a fine opportunity to meet many of the European scientists in this field and I hope you will be able to see your way clear to accept an invitation to give a paper.

Will you write directly to Dr. Winge telling him whether or not you are able to attend?

With best regards, I am

Sincerely yours,

G. W. Beadle
